SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (as amended, the “Exchange Act”) requires our directors and executive officers, and persons who beneficially own more than 10% of the common stock, par value \$0.01 per share, of the Company (the “Common Stock”) and securities convertible into shares of Common Stock (together with the Common Stock, “Subject Shares”), to file with the SEC initial reports of ownership and reports of changes in ownership of Subject Shares. Directors, officers and greater than 10% beneficial owners of the Subject Shares are required by the SEC’s regulations to furnish us with copies of all forms they file with the SEC pursuant to Section 16(a) of the Exchange Act. To our knowledge, based solely upon a review of the copies of such forms furnished to us and written representations that no other reports were required, we believe that, during the fiscal year ended September 30, 2012, all such filings required to be made by such persons were timely made in accordance with the requirements of the Exchange Act.

PERFORMANCE GRAPH

Set forth below is a line-graph presentation comparing the cumulative stockholder return on our Common Stock against cumulative total returns of following: (a) the Russell 2000 and (b) a peer group of companies consisting of Leucadia National Corp., Carlisle Companies Inc., Apollo Global Management, LLC and Standex International Corp. The performance graph shows the total return on an investment of \$100 for the period beginning September 30, 2007 and ending September 30, 2012. The stockholder return shown on the graph below is not necessarily indicative of future performance, and we will not make or endorse any predictions as to future stockholder returns. The graph and related data were furnished by Research Data Group, Inc.

CORPORATE GOVERNANCE

Controlled Company

Our Board has determined that HGI is a “controlled company” for the purposes of Section 303A of the New York Stock Exchange Listed Company Manual (the “NYSE Rules”), as the Harbinger Parties control more than 50% of the Company’s voting power. A controlled company may elect not to comply with certain NYSE Rules, including (1) the requirement that a majority of our Board consist of independent directors, (2) the requirement that a nominating/corporate governance committee be in place that is composed entirely of independent directors with a written charter addressing the committee’s purpose and responsibilities, and (3) the requirement that a compensation committee be in place that is composed entirely of independent directors with a written charter addressing the committee’s purpose and responsibilities. We currently avail ourselves of the “controlled company” exceptions. Our Board has determined that it is appropriate not to have a nominating/corporate governance committee because of our relatively limited number of directors, our limited number of senior executives and our status as a “controlled company” under applicable NYSE rules. In April 2011, our Board formed a compensation committee (the “Compensation Committee”). While our Compensation Committee is composed entirely of independent directors and has a charter addressing the committee’s purpose and responsibilities, we still avail ourselves of the “controlled company” exceptions and are not obligated to comply and may choose to not comply in the future with any of the NYSE rules regarding the composition and governance of compensation committees.

Corporate Governance Guidelines and Code of Ethics and Business Conduct

Our Board has adopted Corporate Governance Guidelines to assist it in the exercise of its responsibilities. These guidelines reflect our Board’s commitment to monitor the effectiveness of policy and decision making both at our Board and management level, with a view to enhancing stockholder value over the long term. The Corporate Governance Guidelines address, among other things, Board composition, director qualifications standards, selection of the Chairman of the Board and the Chief Executive Officer, director responsibilities and the Board committees.

Our Board has adopted a Code of Business Conduct and Ethics for Directors, Officers and Employees and a Code of Ethics for Chief Executive and Senior Financial Officers to provide guidance to all the Company’s directors, officers and employees, including the Company’s principal executive officer, principal accounting officer or controller or persons performing similar functions.

In Fiscal 2013 our Board is expected to adopt an equity retention policy. The Board has adopted a corporate governance policy prohibiting our directors and executive officers from (i) hedging the economic risk associated with the ownership of our common stock, or (ii) pledging our common stock, after the date hereof, unless first pre-approved by the Company’s legal department.

Meetings of Independent Directors

We generally hold executive sessions at each Board and committee meeting. Mr. Hudgins presides over executive sessions of the entire Board and the chairman of each committee presides over the executive session of that committee.

Board Structure and Risk Oversight

Mr. Falcone serves as the Chairman of our Board and our Chief Executive Officer. Mr. Falcone has extensive investment and leadership expertise and is also the Chief Investment Officer and Chief Executive Officer of Harbinger Capital, a fund affiliated with our controlling stockholders. The Board believes that the Company has benefited from this structure and, based upon Mr. Falcone’s extensive investment and leadership expertise, Mr. Falcone’s continuation as our Chairman and Chief Executive Officer is in the best interests of our shareholders.

Our management is responsible for understanding and managing the risks that we face in our business, and our Board is responsible for overseeing management’s overall approach to risk management. Our Board receives reports on the operations of our businesses from members of management and members of management of our subsidiaries as appropriate and discusses related risks. Our Board also fulfills its oversight role through the operations of our Audit Committee and Compensation Committee. As appropriate, these committees of the Board provide periodic reports to our Board on their activities. Our Audit Committee is responsible for oversight of corporate finance and financial reporting related risks, including those related to our accounting, auditing and financial reporting practices. Our Compensation Committee is responsible for the oversight of our compensation policies and practices, including conducting annual risk assessments of our compensation policies and practices.

Governance Documents Availability

We have posted our Corporate Governance Guidelines, Code of Business Conduct and Ethics for Directors, Officers and Employees, Code of Ethics for Chief Executive and Senior Financial Officers, Audit Committee Charter and Compensation Committee Charter on our website under the “Corporate Governance” heading at www.harbingergroupinc.com. We intend to disclose any amendments to, and, if applicable, any waivers of, these governance documents on that section of our website. These governance documents are also available in print without charge to any stockholder of record that makes a written request to the Company. Inquiries must be directed to Harbinger Group Inc., Attn: Investor Relations, 450 Park Avenue, 30th floor, New York, New York 10022.

INFORMATION ABOUT COMMITTEES OF THE BOARD OF DIRECTORS

The Audit Committee and the Compensation Committee are our Board's only standing committees. In addition, a special committee of our Board functioned in late 2009, throughout 2010, 2011 and 2012 and a Pricing Committee functioned in November 2010 and June 2011. For information regarding our Compensation Committee, see "Corporate Governance – Controlled Company," above, and "Item 11 – Executive Compensation," below.

Audit Committee

The Audit Committee currently is composed of Mr. Thomas Hudgins (Chairman), Mr. Lap Wai Chan and Mr. Robert V. Leffler, Jr. Our Board has determined that Messrs. Hudgins and Chan qualify as "audit committee financial experts," as defined by Item 407(d)(5)(ii) of Regulation S-K. Our Board has determined that Messrs. Hudgins, Chan and Leffler are independent members of this committee under applicable SEC rules, NYSE Rules and the Company's Corporate Governance Guidelines. The Audit Committee held seven meetings during Fiscal 2012. The Audit Committee operates under, and has the responsibility and authority set forth in, the written charter adopted by our Board, which can be viewed on our website, www.harbingergroupinc.com, under "Corporate Governance."

Compensation Committee

The Compensation Committee currently is composed of Mr. Robert V. Leffler, Jr. (Chairman), Mr. Lap Wai Chan and Mr. Thomas Hudgins. Our Board has determined that Messrs. Leffler, Chan and Hudgins are independent members of this committee under applicable SEC rules, NYSE Rules and the Company's Corporate Governance Guidelines. Prior to April 2011, we did not have a compensation committee because of the limited number of our senior executives and our status as a "controlled company" under applicable NYSE Rules. During such time, the entire Board was responsible for determining compensation for our directors and executive officers.

In April 2011, our Board formed our Compensation Committee and adopted our Compensation Committee Charter. While our Compensation Committee is composed entirely of independent directors and has a charter addressing the committee's purpose and responsibilities, we still avail ourselves of the "controlled company" exceptions and are not obligated to comply and may choose to not comply in the future with any of the NYSE Rules regarding the composition and governance of compensation committees. Our Compensation Committee has been delegated the authority to (i) review and recommend to our Board corporate goals and objectives relevant to our executive officer compensation and recommend to our Board the compensation level of our executive officers; (ii) make recommendations to our Board with respect to executive officer compensation and benefits, including incentive-compensation and equity-based plans for executive officers; (iii) review and recommend to the Board any employment agreements or severance or termination arrangements to be made with any of our executive officers; and (iv) review and discuss with management our compensation discussion and analysis disclosure and compensation committee reports in order to comply with our public reporting requirements. The Compensation Committee held 16 meeting during the year ended September 30, 2012. The Compensation Committee operates under, and has the responsibility and authority set forth in, the written charter adopted by the Board of Directors, which can be viewed on our website, www.harbingergroupinc.com, under "Corporate Governance."

Executive Summary

Fiscal Year 2012 Performance Highlights

During 2012, our underlying financial performance exceeded management and board expectations. Shareholders saw their value of the Company's common stock appreciate which was driven primarily by the growth in the underlying value of our segments. The following are some of the most significant developments in our respective businesses during Fiscal 2012 that contributed to our success:

- Our total revenues of \$4,480 million for Fiscal 2012 increased \$1,002 million, or 29%, from \$3,478 million, for Fiscal 2011, primarily driven by growth in our insurance segment, including the benefit of a full year of operations of HFG, which was acquired in April 2011.
- We received total dividends of approximately \$71 million from operating subsidiaries in Fiscal 2012. In September, Spectrum Brands paid a special one-time dividend of \$1.00 per share, of which we received approximately \$30 million; HFG paid cumulative dividends of \$40 million, and Salus paid an inaugural dividend of approximately \$1 million in its first year of operation.
- For Fiscal 2012, our consumer products segment recorded record net sales of \$3,252 million, a \$65 million, or 2%, increase from \$3,187 million for Fiscal 2011.
- Our consumer products segment operating income grew by \$74 million, or 32%, to \$302 million, on higher sales, synergy benefits and cost reduction initiatives.
- Our insurance segment product sales for Fiscal 2012 were \$1,884 million, led by the successful introduction of Prosperity EliteSM which resulted in FGL solidifying a top ten market position in the competitive fixed index annuity marketplace.
- Our insurance segment had a net US GAAP book value of \$1,208 million (including accumulated other comprehensive income ("AOCI") of \$434 million), almost double the book value of \$667 million (including AOCI of \$159 million) at the end of Fiscal 2011. Net unrealized gains on available for sale investments were \$1,058 million on a U.S. GAAP basis (\$1,245 million on a statutory basis).

- Salus, in its first year of operation, originated \$260 million of asset-backed loan commitments in Fiscal 2012, for which \$181 million of loans were outstanding as of September 30, 2012, and contributed approximately \$1 million to our consolidated earnings for Fiscal 2012.

Summary of Sound Governance Features of our Compensation Programs

Our compensation programs, practices, and policies are reviewed and re-evaluated on an ongoing basis, and are subject to change from time to time. Our executive compensation philosophy is focused on pay for performance and is designed to reflect appropriate governance practices aligned with the needs of our business. Listed below are some of the Company's more significant practices and policies, in effect during Fiscal 2012, adopted to drive performance and to align with stockholder interests.

What We Do

- **Pay for Performance Philosophy:** Our executive compensation programs are designed to pay for performance, with a significant portion of executive compensation not guaranteed. Target compensation is established for our executive officers at the beginning of the performance period by the Compensation Committee. Our named executive officers (excluding Mr. Falcone, who did not receive compensation from the Company in Fiscal 2012, and Messrs. Hagerup and McCarron, who were employed on an interim or transition basis) had an opportunity to earn actual compensation that varied from target, based on achievement against pre-established performance targets. Variable compensation rewards performance and contribution to both short-term and long-term corporate financial performance. For Fiscal 2012, variable pay represented 98%, 95% and 97% of total compensation for Messrs. Asali, Williams and Maura, respectively (not including their one-time initial long term equity grants which are subject to vesting as set forth below), each of whom participated in our 2012 bonus program. It is anticipated that future named executive officers, including Mr. Sena who was hired as our Vice President and Chief Accounting Officer in November 2012, will participate in the annual bonus program with variable pay constituting a significant percentage of their target total compensation.
- **Independent Executive Compensation Consultant:** The Compensation Committee works with independent executive compensation consultants which provide no other services to the Company and independent outside counsel.
- **Mitigation of Undue Risk:** Our compensation plans have provisions to mitigate undue risk, including bonus plan mechanisms that defer significant portions of awards, partially subject to forfeiture (see Clawback Policy), and relate future target performance to past performance in a manner that closely ties awards to sustainable performance over time.
- **Postemployment Restrictive Covenants:** Our employment agreements provide for post employment noncompetition, nonsolicitation and nondisparagement provisions.

[Table of Contents](#)

- **Clawback Policy:** Our equity awards allow the Company to recover payouts in the event that recoupment is required by applicable law (including pursuant to the Sarbanes-Oxley Act and the Dodd-Frank Act) or a participant receives for any reason any amount in excess of what should have been received (including, without limitation, by reason of a financial restatement, mistake in calculations or other administrative error). In addition, our annual bonus program provides for an automatic deferral of payouts in excess of two times the target bonus pool, with cash deferrals subject to reduction if the Company does not meet certain specified performance criteria in subsequent years.
- **Negative Discretion:** Our Compensation Committee reserves the right to exercise negative discretion to reduce awards under the annual bonus plan. In Fiscal 2012, the Compensation Committee exercised its negative discretion and reduced the corporate bonus pool by \$20.6 million.
- **Award Caps:** Amounts that can be earned by any individual under the annual bonus program are capped at \$20 million per year.
- **Equity Retention:** Our Board is expected to adopt an equity retention policy during Fiscal 2013.

What We Don't Do

- **No 280G or Section 409A Excise Tax Gross-Ups:** We do not provide “gross-ups” for any taxes imposed with respect to Section 280G (change of control) or Section 409A (nonqualified deferred compensation) of the Internal Revenue Code.
- **No Pensions or Supplemental Pensions:** Our named executive officers are not provided with pension or supplemental executive retirement plans.
- **No Significant Perquisites:** The benefits our named executive officers receive in the form of health and life insurance and Company matching contributions to the 401(k) Plan are the same benefits generally available to all of our employees.
- **No Change in Control Enhanced Payments or Equity Acceleration:** We do not provide “single-trigger” equity vesting or enhanced payments upon a change of control of the Company.
- **No Repricing of Underwater Stock Options without Shareholder Approval:** We do not lower the exercise price of any outstanding stock options, unless shareholders approve this.
- **No Discount Stock Options:** The exercise price of our stock options is not less than 100% of the fair market value of our common stock on the date of grant.
- **No Unauthorized Hedging/Pledging:** The Board has adopted a corporate governance policy prohibiting our directors and executive officers from (i) hedging the economic risk associated with the ownership of our common stock and (ii) pledging our common stock, after the date hereof, unless first pre-approved by the Company's legal department.

Compensation Philosophy and General Objectives

Our executive compensation philosophy is focused on pay for performance and is designed to reflect appropriate governance practices aligned with the needs of our business. We grant target levels of compensation that are designed to attract and retain employees who are able to meaningfully contribute to our success. The Compensation Committee considers several factors in designing target levels of compensation, including, but not limited to, historical levels of pay for each executive, actual turnover in the executive ranks, market data on the compensation of executive officers at similar companies, and its judgment about retention risk with regards to each executive relative to their importance to the Company. In reviewing market data, the Compensation Committee has looked at total compensation for each executive officer relative to executives in the same or similar positions in an appropriate market comparison group, which includes sixteen other business development or private equity companies, adjusting the total compensation observed at these peers for their size relative to the Company. The sixteen companies are American Capital, Ltd, Apollo Global Mgmt., Blackstone Group LP, Capital Southwest Corp, Carlyle Group, Compass Diversified Holdings, Harris & Harris Group, Hercules Tech Growth Cap, Icahn Enterprises, KKR, Kohlberg Capital Corp, Leucadia National Corp, Main Street Capital Corp, Mcg Capital Corp, Safeguard Scientifics Inc., and Triangle Capital Corp. While median, size-adjusted total compensation is initially presumed to be competitive market pay, the Compensation Committee does not attempt to target a specific percentile within a peer group or otherwise rely exclusively on that data to determine named executive officer compensation. The Compensation Committee does not use market data to target specific components of total compensation, such as salary or bonuses, and instead determines the target total level of compensation necessary to be competitive for each executive in the relevant market for that executive's talent.

The Company's mix of fixed versus variable compensation, within the target total level of pay, is driven by the Company's emphasis on pay for performance. The Company uses variable compensation, including performance equity grants, as well as management's accumulated equity holdings, both vested and unvested, to enhance alignment of our named executive officers' and stockholders' interests.

Components of Executive Compensation

Our compensation program has four basic elements: salary, initial equity grants, incentive compensation, and other benefits. Salary and benefits are designed to aid in the retention of our employees. Initial equity grants are generally, though not necessarily, awarded upon hiring or promotion, and may consist of restricted stock or stock options with vesting over a period of several years. Incentive compensation generally consists of bonuses for individual and company performance, and may be awarded as cash or equity. Equity awards will typically be vested over a period of years to enhance both retention and alignment of interests.

[Table of Contents](#)

We believe that the various components of our executive compensation program are effective in attracting and retaining our employees and providing a strong alignment of their interests with those of our stockholders. Although each element of compensation described below is considered separately, our Compensation Committee takes into account the aggregate compensation package for each individual executive officer in its determination of each individual component of that package.

During Fiscal 2012, Mr. Falcone did not receive compensation from the Company for his services. Due to the interim nature of his position, Mr. Hagerup received only a base salary as compensation as well as a discretionary \$50,000 cash bonus for Fiscal 2012. In addition, because Mr. McCarron was providing transition services during Fiscal 2012, he received only a base salary and limited perquisites and benefits, and did not participate in our annual bonus plan or receive any equity grants.

The principal elements of compensation for our other named executive officers in Fiscal 2012, Messrs. Asali, Williams and Maura, were:

- base salary;
- variable compensation potential consisting of cash and equity payouts;
- an initial long-term equity grant consisting of a stock option and restricted stock award; and
- limited benefits.

How We Chose Amounts for Each Element of Compensation

Role of Compensation Committee and Compensation Consultants

The Compensation Committee is responsible for the executive compensation program design and decision-making process. In approving the compensation structure for Fiscal 2012, our Compensation Committee considered a number of factors including, but not limited to, the responsibilities of the position, the executives' experience and the competitive marketplace for executive talent with a similar skill set. The Compensation Committee does not target any particular percentile of peers or seek to implement particular practices with respect to companies with which it competes for talent, but uses that information to inform its judgment about appropriate compensation programs for the company. See "Compensation Philosophy and General Objectives" above.

Since July 2011 and through the date of this Form 10-K/A, the Compensation Committee has been advised by independent compensation consultants, Hodak Value Advisors ("Hodak"), a consulting and research firm specializing in designing and implementing performance measures and management incentives, and Mercer, Inc. ("Mercer"), a global leader for human resources, in its review of the Company's compensation elements, levels of pay and potential programs for short and long term compensation and by independent outside counsel, Wilmer Cutler Pickering Hale and Dorr LLP. Throughout Fiscal 2012, Mercer, Hodak and the Compensation Committee's independent counsel worked in conjunction with one another and the Compensation Committee to design and implement the Company's compensation program in a manner that strongly aligns compensation with performance for the creation of value for all of our stockholders. The Compensation Committee met 16 times during Fiscal 2012, and in December 2011, the Compensation Committee and the Board approved and adopted a new bonus plan for Fiscal 2012, which was designed with significant input from Hodak and Mercer and legal advice from the Compensation Committee's independent outside counsel.

In light of new SEC rules and proposed NYSE listing standards, the Compensation Committee considered the independence of each of our compensation consultants, Hodak and Mercer, including assessment of the following factors: (1) other services provided to the Company by the consultant; (2) fees paid as a percentage of the consulting firm's total revenue; (3) policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagement and a member of the Compensation Committee; (5) any Company stock owned by the individual consultants involved in the engagement; and (6) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. The Compensation Committee has concluded that no conflict of interest exists that would prevent our consultants from independently representing the Compensation Committee.

Base Salary

The base salary of our named executive officers is intended to provide a baseline level of fixed compensation that reflects each named executive officer's level of responsibility. In reviewing base salary levels for our named executive officers, the Compensation Committee assesses, among other factors, a named executive officer's current base salary, job responsibilities, leadership and experience, and value to our Company.

During Fiscal 2012, the Company entered into an employment agreement with each of Messrs. Asali, Williams, and Maura, which provide for a fixed base salary. The base salary levels were negotiated in connection with Messrs. Asali, Williams, and Maura joining the Company and were approved by our Compensation Committee.

Mr. Hagerup's compensation was negotiated in December 2010 and June 2011 by the Chief Financial Officer and approved by our Chief Executive Officer and our Board. In July 2012 his temporary employment arrangement as our Interim Chief Accounting Officer was extended on the same terms and conditions until December 1, 2012. Mr. McCarron's compensation was negotiated in late 2009 by representatives of Harbinger Capital, and was approved by our Board.

Annual Bonus Plan

In December 2011, the Compensation Committee and the Board approved and adopted a new bonus plan for Fiscal 2012 (the "2012 Bonus Plan"). The 2012 Bonus Plan was designed with significant input from the Compensation Committee's independent compensation consultants, Hodak and Mercer, and legal advice from the Compensation Committee's independent outside counsel. In connection with the review and approval of the 2012 Bonus Plan, Hodak, among other things, modeled for the Compensation Committee various possible payout scenarios under the 2012 Bonus Plan. Messrs. Asali, Williams and Maura participated in the 2012 Bonus Plan along with other key employees of the Company.

The 2012 Bonus Plan is designed to (i) offer target variable compensation that provide competitive levels of total pay to executives if they achieve target results and (ii) reward and encourage value creation by executives. It provides for annual bonuses comprised of two components. The first component is an individual bonus (the "individual bonus") based on the achievement of personal performance goals. The second component is a corporate bonus (the "corporate bonus") based on the achievement of corporate performance measured in terms of the change in the value of the Company's "Net Asset Value" (as defined below) from the beginning of the Company's fiscal year to the end of the Company's fiscal year end ("NAV Return"). Please see the discussion below for additional details for the calculation of the NAV Return.

NAV Return is believed to be a good proxy for creation of value for the Company and its stockholders because it encourages, among other things, the generation of cash flows by the Company's subsidiaries and transactions resulting in appreciation of the assets of the Company and its subsidiaries. Corporate bonuses are awarded annually with a portion immediately vested and a portion subject to vesting over a number of years. A portion of the unvested amounts are subject to forfeiture if the NAV Return thresholds are not satisfied in the following years. We believe that paying the corporate bonus consistently based on NAV Return, subject to vesting over a number of years, encourages a long-term focus on value creation for the benefit of our stockholders. Our Compensation Committee believes that executive pay should be strongly aligned with performance of our executives. If in Fiscal 2012, the Company had not produced a positive NAV Return, no corporate bonuses would be earned.

For Fiscal 2012, NAV Return was based on the amount calculated by (i) obtaining the percentage increase (to the extent any) of the Net Asset Value of the Company from the beginning of Fiscal 2012 to the end of Fiscal 2012; and then (ii) multiplying such amount by the Net Asset Value at the beginning of Fiscal 2012. The amount resulting from such calculation is the NAV Return for Fiscal 2012, from which 12% was allocated to fund the corporate bonus pool for bonuses to all named executive officers and other key employees, which amount was reduced (as discussed in greater detail below) by the Compensation Committee pursuant to its exercise of its negative discretion.

[Table of Contents](#)

For the purpose of the foregoing calculation, the Company's "Net Asset Value" is generally calculated by (i) starting with the value of the Company's "Net Asset Value", as such term is defined in the Company's Certificate of Designation of Series A Participating Convertible Preferred Stock of the Company dated as of May 12, 2011 (the "Preferred Stock Certificate"), (ii) then subtracting from such amount the Company's deferred tax liabilities, (iii) then adding to such amount the Company's capital contributions to fund start-up businesses, which is subject to a \$20 million cap, (iii) then adding to such amount the Company's deferred financing costs, (iv) then adding to such amount the value of the Company's assets that have not been appraised, which is subject to a \$50 million cap, (v) then eliminating the effect of any increase in legacy liabilities associated with our predecessor entity, Zapata Corporation and its subsidiaries, (vi) then adding to such amount expenses incurred in connection with completing any acquisitions by the Company within the past twelve months, and (vii) excluding any accretion on preferred stock (calculated in the manner contained in the Preferred Stock Certificate). The Company then makes adjustments to eliminate the effects of any conversion of preferred stock into common stock.

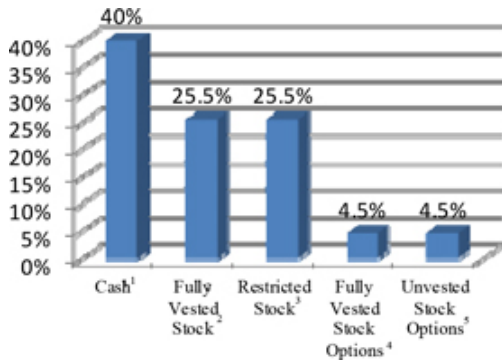

The Company achieved a NAV Return of \$589.0 million during Fiscal 2012. Pursuant to the 2012 Bonus Plan, 12% of the Fiscal 2012 NAV Return, or \$70.7 million, was allocated to fund the corporate bonus pool for bonuses to all named executive officers and other key employees. However, after reviewing the outstanding performance for Fiscal 2012, the Compensation Committee exercised its negative discretion and reduced the corporate bonus pool of \$70.7 million by \$20.6 million. Once the corporate bonus pool was funded at the end of Fiscal 2012, it was distributed based upon each plan participant's contribution to the corporate bonus pool, less any adjustments to those amounts for particular executives at the discretion of the Compensation Committee. The Compensation Committee did not make any adjustments to the corporate bonus award for any named executive officer in Fiscal 2012.

Pursuant to the 2012 Bonus Plan, awards are paid out in a mix of cash (40%) and equity (60%). In addition, the 2012 Bonus Plan was designed so that no more than two times the target corporate bonus pool can be awarded in Fiscal 2013, and amounts in excess of two times the target corporate bonus pool are deferred to subsequent years, in each case, in the proportions as set forth in the charts below. Deferred cash payments may be reduced in subsequent years, if the NAV Return in such years is below a threshold return.

The Net Asset Value at the end of Fiscal 2012 will differ from the Net Asset Value at the beginning of Fiscal 2013, as the Net Asset Value for Fiscal 2013 will be adjusted to reflect the value of the Compensation Committee's exercise of negative discretion in reducing the Fiscal 2012 corporate bonus pool by \$20.6 million. For Fiscal 2013, the Company will also introduce a 7% threshold amount with respect to the corporate bonus pool, which will be a threshold of \$96.6 million (the "Threshold Amount"). Accordingly, for Fiscal 2013, the corporate bonus pool will be funded by 12 percent of the portion of the NAV Return (calculated in accordance with the steps outlined above) in excess of the Threshold Amount and will be adjusted to take into account any issuance of Common Stock by the Company (if any). If in Fiscal 2013 the NAV Return does not exceed the Threshold Amount, then no corporate bonus will be earned. For example, if the NAV Return is \$80 million in Fiscal 2013 then no corporate bonus will be paid in such year since such amount is less than the Threshold Amount of \$96.6 million.

[Table of Contents](#)

Up to two times the target corporate bonus pool could be paid out in Fiscal 2013 in the following proportion:

1. Cash
2. Fully Vested Stock
3. Restricted stock (subject to continued employment) vests on the first anniversary of the grant date.
4. Fully vested stock options.
5. Stock options (subject to continued employment) vest on the first anniversary of the grant.

Amounts in excess of two times the corporate bonus pool could be paid out in the following proportion:

1. Cash paid on the first anniversary of the original payment date.
2. Cash paid on the second anniversary of the original payment date.
3. Restricted stock (subject to continued employment) vests in substantially equal installments on the second and third anniversaries of the grant date.
4. Stock options (subject to continued employment) vest in substantially equal installments on the second and third anniversaries of the grant date.

As stated above, a portion of the annual bonus, the individual bonus, is based on individual performance achievement against certain pre-established goals. For Messrs. Asali and Maura, 85% of their target annual bonus is the corporate bonus (based on NAV Return) and 15% is the individual bonus based on performance of individual goals, and for Mr. Williams, 50% of his target annual bonus consists of the corporate bonus and 50% is the individual bonus. The performance goals for the individual bonus are determined by the Compensation Committee on an individual basis. Participants earn between 0-200% of their individual target bonus based on achievement of the individual performance goals and the individual bonus can be earned even if there is no positive NAV Return during Fiscal 2012. Participants earned 200% of their individual target bonuses based on achievement of their individual performance goals during Fiscal 2012.

For Fiscal 2012, the Compensation Committee established solely objective performance goals for Mr. Asali’s individual bonus, which were (i) receipt of \$40 million of dividends by the Company from its subsidiaries, (ii) the Company’s compliance with all Debt Covenants and (iii) the improvement of the Company’s credit rating by one notch. For Fiscal 2012, Mr. Asali’s total target bonus was \$2.5 million. The Compensation Committee determined that Mr. Asali achieved or exceeded each of his individual performance measures. Accordingly, for Fiscal 2012, the Compensation Committee awarded Mr. Asali an individual bonus and corporate bonus in excess of his target amounts, which were comprised of immediately vested and deferred cash and equity. See “Compensation and Benefits – Summary Compensation Table” and “Significant Events after Fiscal 2012 – Equity Grants Pursuant to the 2012 Bonus Plan” for details regarding the amount of Mr. Asali’s individual bonus and corporate bonus and its allocation among immediately vested and deferred cash and equity.

Table of Contents

For Fiscal 2012, the Compensation Committee established a mix of objective and subjective performance goals for Mr. Williams' individual bonus, which were (i) receipt of \$40 million of dividends by the Company from its subsidiaries, (ii) the Company's compliance with all Debt Covenants, (iii) the timely and accurate completion of all external financial reporting, (iv) meeting individual priorities as determined by the President, Chief Executive Officer or the Audit Committee, and (v) fostering growth and teamwork. For Fiscal 2012, Mr. Williams's total target bonus was \$1 million, equally divided between the individual bonus and the corporate bonus. The Compensation Committee determined that Mr. Williams achieved or exceeded each of his individual performance measures. Accordingly, for Fiscal 2012, the Compensation Committee awarded Mr. Williams an individual bonus and corporate bonus in excess of his target amounts, which were comprised of immediately vested and deferred cash and equity. See "Compensation and Benefits – Summary Compensation Table" and "Significant Events after Fiscal 2012 – Equity Grants Pursuant to the 2012 Bonus Plan" for details regarding the amount of Mr. Williams' individual bonus and corporate bonus and its allocation among immediately vested and deferred cash and equity. While Mr. Williams' employment agreement provides that his bonus with respect to Fiscal 2012 would be prorated based on his commencement of employment with the Company on March 5, 2012, in light of our strong corporate financial results and Mr. Williams' extraordinary individual performance during Fiscal 2012, the Compensation Committee determined not to pro-rate his individual bonus, but did pro-rate his corporate bonus.

For Fiscal 2012, the Compensation Committee established solely objective performance goals for Mr. Maura's individual bonus, which were (i) Spectrum Brands' achievement of \$475 million of adjusted EBITDA (as defined below) and (ii) Spectrum Brands' achievement of \$200 million of adjusted free cash flow. For the purposes of Mr. Maura's performance measure, "adjusted EBITDA" was defined as reported operating income plus certain defined add-backs for depreciation, amortization, acquisition, integration and restructuring related charges. For Fiscal 2012, Mr. Maura's total target bonus was \$2 million. The Compensation Committee determined that Mr. Maura achieved or exceeded each of his individual performance measures. Accordingly, for Fiscal 2012, the Compensation Committee awarded Mr. Maura an individual bonus and corporate bonus in excess of his target amounts, which were comprised of immediately vested and deferred cash and equity. See "Compensation and Benefits – Summary Compensation Table" and "Significant Events after Fiscal 2012 – Equity Grants Pursuant to the 2012 Bonus Plan" for details regarding the amount of Mr. Maura's individual bonus and corporate bonus and its allocation among immediately vested and deferred cash and equity.

The 2012 Bonus Plan provides a strong incentive for participants to increase NAV Return, and the amounts of bonus payments can be significantly in excess of target in years in which NAV Return is very large. However, the maximum bonus payment to any individual under the 2012 Bonus Plan with respect to any year is capped at \$20 million. Cash amounts payable pursuant to the 2012 Bonus Plan, are included in the column titled "Non-Equity Incentive Plan Compensation" in the Summary Compensation Table. The SEC disclosure rules require that the Summary Compensation Table and the Grants of Plan-Based Awards Table include in each fiscal year the aggregate fair value, as of the grant date, of all stock, option or other equity awards granted during that year. In November 2012, subsequent to the end of our Fiscal 2012, we granted equity to our named executive officers as part of their 2012 compensation, which was earned pursuant to the 2012 Bonus Plan. The awards made in November 2012 are disclosed in this report under the heading "Significant Events after Fiscal 2012 – Equity Grants Pursuant to the 2012 Bonus Plan" and will be disclosed and appear in the Summary Compensation Table and the Grants of Plan-Based Awards Table in next year's Compensation Discussion and Analysis in accordance with SEC rules for our named executive officers in Fiscal 2013.

Initial Long Term Equity Grant

Our philosophy is that service-based equity is granted to named executive officers when the Compensation Committee determines that it would be to the advantage and in the best interests of the Company and its stockholders to grant such equity as an inducement to enter into or remain in the employ of the Company and as an incentive for increased efforts during such employment. In accordance with the execution of their employment agreements, Messrs. Asali, Williams and Maura each received a one-time initial grant of shares of restricted stock and nonqualified stock options in Fiscal 2012, pursuant to the Harbinger Group Inc. 2011 Omnibus Equity Award Plan (the "2011 Plan"). The number of equity awards granted was determined pursuant to the employment agreements with such named executive officers.

On February 14, 2012, Messrs. Asali and Maura were granted 350,000 and 250,000 shares of restricted stock, respectively, and nonqualified stock options to purchase 1,000,000 and 710,000 shares of our common stock, respectively. Subject to their continued employment, the restricted stock will vest on October 1, 2014 and the option awards will vest 25% per year on the first, second, third and fourth anniversaries of October 1, 2011.

On May 14, 2012, Mr. Williams was granted 50,000 shares of restricted stock and nonqualified stock options to purchase 140,000 shares of our common stock. Subject to his continued employment, Mr. Williams' restricted stock will vest on March 5, 2015 and his option awards will vest 25% per year on the first, second, third and fourth anniversaries of March 5, 2012.

Benefits

During Fiscal 2012, Messrs. Falcone and Hagerup did not participate in our benefit plans. We provided our other named executive officers with standard medical, dental, vision, disability and life insurance benefits available to employees generally.

We sponsor a 401(k) Retirement Savings Plan (the "401(k) Plan") in which eligible participants may defer a fixed amount or a

[Table of Contents](#)

percentage of their eligible compensation, subject to limitations. In Fiscal 2012 we made discretionary matching contributions of up to 4% of eligible compensation.

Risk Review

Our Compensation Committee has generally reviewed, analyzed and discussed our executive compensation. Our Compensation Committee does not believe that any aspect of our executive compensation encourages the named executive officers to take unnecessary or excessive risks.

Compensation in Connection with Termination of Employment and Change-In-Control

In determining our employees' compensation packages for Fiscal 2012, our Compensation Committee recognized that an appropriate incentive in attracting talent is to provide reasonable protection against loss of income in the event the employment relationship terminates without fault of the employee. Thus, compensation practices in connection with termination of employment generally have been designed as our Compensation Committee deems appropriate to achieve our goal of attracting highly qualified executive talent. Messrs. Asali, Williams and Maura have employment agreements which provide for termination compensation in the form of payment of bonuses and salary and benefit continuation for a moderate period of time following involuntary termination of employment. We do not provide any "golden parachute" tax gross-ups to any named executive officer. We also do not provide any "single-trigger" payments due to the occurrence of a change of control to any of our named executive officers.

You can find additional information regarding our practices in providing compensation in connection with termination of employment to our named executive officers under the heading "Payments Upon Termination and Change of Control" below.

Impact of Tax Considerations

With respect to taxes, Section 162(m) of the Internal Revenue Code imposes a \$1 million limit on the deduction that a company may claim in any tax year with respect to compensation paid to each of its Chief Executive Officer and three other named executive officers (other than the Chief Financial Officer), unless certain conditions are satisfied. Certain types of performance-based compensation are generally exempted from the \$1 million limit. Performance-based compensation can include income from stock options, performance-based restricted stock, and certain formula driven compensation that meets the requirements of Section 162(m). One of the factors that we may consider in structuring the compensation for our named executive officers is the deductibility of such compensation under Section 162(m), to the extent applicable. However, this is not the driving or most influential factor. The Compensation Committee may approve non-deductible compensation arrangements after taking into account several factors, including our ability to utilize deductions based on projected taxable income, and specifically reserves the right to do so.

Advisory Vote on Executive Compensation

The Compensation Committee and our Board considered the results of our stockholder vote regarding the non-binding resolution on executive compensation presented at the 2011 Annual Meeting, where 97.31% of votes cast approved the compensation program described in the Company's proxy statement for the 2011 Annual Meeting. The Compensation Committee and the Board have maintained the same general compensation philosophy but have implemented new compensation plans, including the 2012 Bonus Plan commensurate with the expansion of our roster of executives.

Additionally at the 2011 Annual Meeting, a majority of our stockholders approved, as recommended by our Board, a proposal for our stockholders to be provided with a non-binding advisory vote on compensation of our named executive officers every three years. The Board believed that this frequency is appropriate as a triennial vote would provide the Company with sufficient time to engage with stockholders to understand and respond to the "say-on-pay" vote results. Stockholders who have concerns about executive compensation during the interval between "say-on-pay" votes are encouraged to bring their specific concerns to the attention of our Board. Accordingly, the next stockholder advisory (non-binding) vote on executive compensation will be held at our 2014 Annual Meeting.

Significant Events after Fiscal 2012

In addition to the preceding discussion relating to Fiscal 2012, this section will provide you with a brief review of certain significant events that have occurred since the end of Fiscal 2012. This section, however, is not a summary of all of the compensation decisions made with respect to Fiscal 2013 regarding our named executive officers for Fiscal 2013.

Employment Agreement with Mr. Sena

On November 1, 2012, the Company entered into an employment agreement with Mr. Sena as its Vice President and Chief Accounting Officer, effective as of November 19, 2012. Mr. Sena's annual base salary will initially be \$250,000. Within 150 days following November 19, 2012, Mr. Sena shall be paid a one-time signing bonus of \$100,000 and will be granted an initial equity grant of 10,000 shares of restricted stock and nonqualified stock options to purchase 30,000 shares of the Company's common stock. The restricted

[Table of Contents](#)

stock will vest and the restrictions will lapse on the third anniversary of November 19, 2012 and the option awards will vest in equal installments on each of the first four anniversaries of November 19, 2012. Mr. Sena will also be eligible for an annual bonus. The employment agreement provides that Mr. Sena's employment with the Company is at-will and his employment thereunder may be terminated at any time with or without notice. If Mr. Sena's employment is terminated by the Company with "Cause" (as defined in his agreement) or Mr. Sena resigns without "Good Reason" (as defined in his agreement) prior to the one year anniversary of November 19, 2012, Mr. Sena shall be required to repay the signing bonus.

If during the term of the employment agreement, the Company terminates Mr. Sena's employment without "Cause" or if Mr. Sena resigns his employment for "Good Reason", then, subject to receiving a signed separation agreement and general release of claims from Mr. Sena, the Company shall pay or provide Mr. Sena with (i) severance equal to six months base salary in accordance with the terms of the Company's then current severance plan, and (ii) the initial equity grant shall vest on a pro-rata basis based on the length of time elapsed (calculated as if Mr. Sena worked for an additional six months after the date of termination), (iii) payment of any non-deferred portion of the annual bonus for the prior year which was earned but unpaid, and (iv) eligibility for an annual bonus for the year of termination determined in accordance with the employment agreement. In addition, the Company shall pay Mr. Sena any accrued but unpaid base salary and vacation time and any properly incurred but unreimbursed business expenses. Mr. Sena is also subject to certain non-competition restrictions for six (6) months post termination of employment and certain non-solicitation restrictions for eighteen (18) months post termination of employment, as well as perpetual confidentiality provisions. Mr. Sena is subject to a perpetual non-disparagement covenant and subject to Mr. Sena signing a release of claims, the non-disparagement covenant will be mutual. Mr. Sena's employment agreement was approved by the Board following its approval and recommendation by the Compensation Committee, who were advised by the Company's compensation consultants. We may enter into other compensation arrangements (such as salary, bonus and retention arrangements, if any) with existing and future officers and employees depending on the circumstances and relevant factors. In connection with the hiring of Mr. Sena, Mr. Hagerup's employment as our Interim Chief Accounting Officer terminated on December 1, 2012, and thereafter he provided us with transitional services and may provide additional future services to the Company on a project by project consulting basis.

Nonqualified Deferred Compensation

The Company did not provide any named executive officers with nonqualified defined contribution or other deferred compensation plans during Fiscal 2012.

Our annual bonus program provides for an automatic deferral of payouts in excess of two times the target bonus pool. Payments Upon Termination and Change of Control

Termination Payments Payable to Messrs. Asali, Williams and Maura

If during the term of the employment agreements, the Company terminates the executive's employment without "Cause" (as defined in the employment agreements) or the executive terminates his employment for "Good Reason" (as defined below), including upon a Company initiated nonrenewal of the term so long as the executive provides services through the end of the then current term and separates thereafter, subject to receiving a signed waiver and general release of claims from the executive, the Company shall pay or provide such executive with (i) his base salary for twelve months in continuing installments, (ii) vesting of the initial equity grant on a pro-rata basis based on the length of time elapsed (calculated as if the executive worked through the end of the term), (iii) payment of any non-deferred portion of the annual bonus for the prior year which was earned but unpaid, (iv) payment of 50% of the unpaid deferred cash portion, if any, and vesting of 50% of the unvested equity portion, if any, of annual bonuses awarded for years prior to the year of termination, (v) eligibility for an annual bonus for the year of termination determined in accordance with the employment agreement, provided that (A) the cash portion of such bonus shall be paid and the equity portion of such bonus shall be granted on the same terms and at the same time as such grants are made to other senior executives of the Company, (B) the executive shall only be entitled to 50% of any deferred cash component of such annual bonus with such payment to be made within 74 days following the end of the Company's fiscal year and (C) only 50% of the equity portion of such annual bonus will be granted and such equity grant will be fully vested on the date of grant, and (vi) continued medical and dental benefits for a 12 month period, subject to the executive's payment for the cost of such benefits as if he had remained an active employee (the "Benefits Continuation"). In addition, the Company shall pay the executive any accrued but unpaid base salary and vacation time and any properly incurred but unreimbursed business expenses.

Upon a termination of employment due to the executive's death or "Disability" (as defined in the employment agreements), the Company shall pay or provide such executive with (i) payment of any non-deferred portion of the annual bonus for the prior year which was earned but unpaid, (ii) the Benefits Continuation, subject to receiving a signed waiver and general release of claims from the executive, and (iii) any accrued but unpaid base salary and vacation time and any properly incurred but unreimbursed business expenses.

"Good Reason" means the occurrence, without an executive's express written consent, of any of the following events: (A) a material diminution in executive's authority, duties or responsibilities; (B) a diminution of base salary or (C) a change in the geographic location of the executive's principal place of performance of his services to a location more than thirty (30) miles outside of New York City that is also more than thirty (30) miles from his primary residence at the time of such change, except for travel consistent with the terms of the employment agreement; (D) the Company gives notice that the term of the employment agreement is not to be extended so long as the executive continues to perform his duties for the Company through the end of the term and separates from the Company at the end of the term; or (E) a material breach by the Company of the employment agreement. An executive must give the Company a written notice (specifying in detail the event or circumstances claimed to give rise to Good Reason) within twenty-five (25) days after the executive has knowledge that an event constituting Good Reason has occurred, or is deemed to have occurred and must give the Company thirty (30) days to cure. If not cured, the executive must actually terminate his or her employment within 120 days following the event constituting Good Reason; otherwise, that event will no longer constitute Good Reason (except with respect to (D) above).

[Table of Contents](#)

The following table sets forth amounts of compensation that would have been paid to Messrs. Williams, Asali and Maura if their employment was terminated without Cause or for Good Reason. The amounts shown assume that such termination was effective as of September 30, 2012.

| <u>Name</u> | <u>Salary</u> | <u>Initial Equity Grant (1)</u> | <u>Prior Year Annual Bonus</u> | <u>Annual Bonuses Awarded for Year of Termination(2)</u> | <u>Benefits Continuation (3)</u> | <u>Total</u> |

The amounts in this column reflect (i) the fair market value of one-third of the unvested restricted stock based on the closing stock price of \$8.43 on the last trading day in Fiscal 2012 and (ii) the intrinsic value (difference between \$8.43 and the exercise price, multiplied by the number of shares subject to the option) of one-quarter of the unvested stock options.
- (2) This column reflects payments that would have been paid pursuant to the 2012 Bonus Plan and includes (i) the full non-deferred cash component of the bonus (ii) 50% of the deferred cash component of the bonus and (iii) the value of 50% of the stock component of the bonus. In addition, Messrs. Asali, Williams and Maura would receive 272,450, 50,411 and 217,960 vested options, respectively, with an exercise price equal to the fair market value on the date of grant.

Termination Payments Payable to Mr. Hagerup

Mr. Hagerup's employment agreement provided that in the event that his employment was terminated, he would not have been entitled to any severance except that, if Mr. Hagerup's employment was terminated by the Company upon less than thirty (30) days advance notice, he would have been entitled to salary continuation during such thirty (30) day period.

Under the new program, directors who are not employees of the Company or of Harbinger Capital (or an affiliate) receive an annual retainer of \$80,000 (paid on a quarterly basis) and an annual equity award of \$80,000 granted as restricted stock or restricted stock units with vesting and transferability restrictions as described below.

Compensation for service on special, audit and compensation committees is paid in quarterly installments as follows:

| <u>Committee</u> | <u>Chair Annual Retainer</u> | <u>Member Annual Retainer</u> |

| Audit | \$ 26,000 | \$ 15,000 |
| Compensation | \$ 15,000 | \$ 6,000 |

In addition, if a non-employee director of the Company or Harbinger Capital (or an affiliate) attends in excess of 20 committee meetings of our Board in one fiscal year, then such director receives \$1,500 for each meeting in excess of 20 that such director attends.

**COMPENSATION COMMITTEE INTERLOCKS AND INSIDER
PARTICIPATION**

As disclosed elsewhere herein, prior to April 2011, we did not have a compensation committee because of the limited number of our senior executives and our status as a “controlled company” under applicable NYSE Rules. During such time, the entire Board was responsible for determining compensation for our directors and executive officers. In April 2011, our Board formed our Compensation Committee and adopted our Compensation Committee Charter.

During Fiscal 2012, Mr. Falcone served as a director and executive officer of our subsidiary, Zap.Com, Messrs., Asali and Hladek served as directors of Zap.Com, and Messrs. Williams, McCarron and Hagerup served as executive officers of Zap.Com. Mr. Asali is also a director of Spectrum Brands. Mr. Maura, one of our directors and executive officers, is also a director and member of the compensation committee of Spectrum Brands. Certain of our directors and executive officers who are currently or were formerly employed by Harbinger Capital may serve as directors or executive officers of other entities affiliated with Harbinger Capital from time to time.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained in this Form 10-K/A with the management. Item 13. Certain Relationships and Related Transactions, and Director Independence.

RELATED PERSON TRANSACTIONS

Our Board has adopted a Statement of Policy with Respect to Related Party Transactions (the “Related Party Transactions Policy”). A “Related Party Transaction” is defined in the Related Party Transactions Policy as any financial transaction or any series of similar transactions in which we are a participant and in which a related person (*i.e.*, a director, officer, beneficial owner of more than 5% of any class of our capital stock or a family member or controlling or controlled entity of the foregoing persons) has a direct or indirect interest, other than: (i) our payment of compensation to a related person for the related person’s service in the capacity that give rise to the person’s status as a “related person”; (ii) transactions available to all of our employees or all of our stockholders on the same terms; and (iii) transactions which, when aggregated with the amount of all other transactions between us and the related person, involve in a fiscal year the lesser of (a) \$100,000 or (b) 1% of the average of our total assets at year-end for the last two completed fiscal years. Pursuant to the Related Party Transaction Policy, the Related Party Transaction proposed to be entered into must be reported to our Board for review. In reviewing and determining whether to approve a proposed Related Party Transaction presented to our Board, the disinterested members of our Board will analyze such factors as they deem appropriate. We may only enter into a Related Party Transaction upon approval by our Board. Our Board may delegate its authority to review and approve Related Party Transactions to the Audit Committee, a special committee or other committee of our Board.

Services Arrangements

During Fiscal 2012, Harbinger Capital, provided the Company with certain advisory and consulting services and office space for certain of the Company’s employees and officers. The Company reimbursed Harbinger Capital for its out-of-pocket expenses and the cost of advisory and consulting services and office space provided to the Company by Harbinger Capital. In addition, on January 9, 2012, the Company hired certain former personnel of Harbinger Capital effective as of October 1, 2011. The Company reimbursed Harbinger Capital for employment and other costs associated with the above employees to the extent their services related to the Company from October 1, 2011 to the January 9, 2012. The Company has recognized \$2,030,000 and \$1,500,000 of expenses under these arrangements with respect Fiscal 2012 and Fiscal 2011, respectively. Such amounts have been approved by a special committee of the Company’s Board, comprised solely of independent directors under the NYSE rules, which was advised by independent counsel. The Company believes that the amount of expenses recognized is reasonable; however, it does not necessarily represent the costs that would have been incurred by the Company on a stand-alone basis.

On November 14, 2012, the Company and Harbinger Capital entered into a reciprocal services agreement (the “Services Agreement”) with respect to the provision of services to each other going forward. Pursuant to the Services Agreement, the parties each agreed to provide or cause to be provided services to each other, including their respective affiliates and subsidiaries. The services may include providing office space and operational support and each party making available their respective employees to provide services as reasonably requested by the other party, subject to any limitations contained in applicable employment agreements and the terms of the Services Agreement. Each party will pay the other party a service fee for the services provided and such service fee is intended to be the actual cost of the service without profit but including, as applicable, onetime costs, out-of-pocket costs, costs of consents, fully loaded hourly rates and any pass through or allocation of payments. The Services Agreement provides that the parties are subject to confidentiality obligations and that the parties will indemnify each other and their related parties against certain costs and liabilities arising out of the performance of the Services Agreement. The Services Agreement will continue in effect until terminated by either party, following thirty (30) days advance written notice. On October 31, 2012, a special committee of the Company’s Board, comprised of independent directors under the rules of the NYSE, advised by independent counsel, determined that it is in the best interests of the Company and its stockholders (other than Harbinger Capital and its affiliates) for the Company to enter into the Services Agreement and recommended to the Company’s board directors that they approve entry into the Services Agreement. Following such determination, On November 1, 2012, the Company’s Board approved the Services Agreement.

Spectrum Brands Acquisition in January 2011

On September 10, 2010, we entered into a Contribution and Exchange Agreement (as amended, the “Exchange Agreement”) with the Harbinger Parties, pursuant to which the Harbinger Parties agreed to contribute a majority interest in Spectrum Brands to us in exchange for 4.32 shares of our Common Stock for each share of Spectrum Brands Common Stock contributed to us (the “Spectrum Brands Acquisition”). The exchange ratio of 4.32 to 1.00 was based on the respective volume weighted average trading prices of our Common Stock (\$6.33) and Spectrum Brands Common Stock (\$27.36) on the NYSE for the 30 trading days from and including July 2, 2010 to and including August 13, 2010, the day we received the Harbinger Parties’ proposal for the Spectrum Brands Acquisition. The Exchange Agreement and the transactions and agreement contemplated thereby, including the Stockholder Agreement and Registration Rights Agreement with Spectrum Brands (as defined below) and the HGI Registration Rights Agreement (as defined below), were approved by the Board upon a determination by a special committee comprised of independent directors of the Board as determined under the NYSE Rules, that it was in the best interests of the Company and its stockholders (other than the Harbinger Parties and their affiliates) to enter into such agreements and proceed with the transactions and agreements contemplated thereby.

On September 10, 2010, the Harbinger Parties, who held a majority of our outstanding Common Stock on that date, approved the issuance of our Common Stock pursuant to the Exchange Agreement by written consent in lieu of a meeting pursuant to Section 228 of the General Corporation Law of the State of Delaware.

[Table of Contents](#)

On January 7, 2011, the Spectrum Brands Acquisition was consummated and we issued an aggregate of 119,909,829 shares of our Common Stock to the Harbinger Parties in exchange for an aggregate of 27,756,905 shares of Spectrum Brands Common Stock, or approximately 54.5% of the then outstanding Spectrum Brands Common Stock, as contemplated by the Exchange Agreement. In connection with the consummation of the Spectrum Brands Acquisition, we also became party to the existing Stockholder Agreement, dated as of February 9, 2010, by and among the Harbinger Parties and Spectrum Brands and the existing registration rights agreement, dated as of February 9, 2010, by and among the Harbinger Parties, Spectrum Brands, and certain other stockholders the “Registration Rights Agreement”).

HGI Registration Rights Agreement

In connection with an acquisition of Spectrum Brands in 2010, HGI and the Harbinger Parties entered into a registration rights agreement, dated as of September 10, 2010, (the “HGI Registration Rights Agreement”) pursuant to which, after the consummation of the Spectrum Brands Acquisition, the Harbinger Parties have, among other things and subject to the terms and conditions set forth therein, certain demand and so-called “piggy back” registration rights with respect to (i) any and all shares of our Common Stock owned after the date of the HGI Registration Rights Agreement by the Harbinger Parties and their permitted transferees (irrespective of when acquired) and any shares of our Common Stock issuable or issued upon exercise, conversion or exchange of our other securities owned by the Harbinger Parties, and (ii) any of our securities issued in respect of the shares of our Common Stock issued or issuable to any of the Harbinger Parties with respect to the securities described in clause (i) above.

Under the HGI Registration Rights Agreement, any of the Harbinger Parties may demand that HGI register all or a portion of such Harbinger Party’s shares of HGI’s Common Stock for sale under the Securities Act of 1933, as amended, so long as the anticipated aggregate offering price of the securities to be offered is (i) at least \$30 million if registration is to be effected pursuant to a registration statement on Form S-1 or any similar “long-form” registration or (ii) at least \$5 million if registration is to be effected pursuant to a registration statement on Form S-3 or a similar “short-form” registration. Under the agreement, HGI is not obligated to effect more than three such “long-form” registrations in the aggregate for all of the Harbinger Parties.

The HGI Registration Rights Agreement also provides that if HGI decides to register any shares of its Common Stock for its own account or the account of a stockholder other than the Harbinger Parties (subject to certain exceptions set forth in the agreement), the Harbinger Parties may require HGI to include all or a portion of their shares of HGI’s Common Stock in the registration and, to the extent the registration is in connection with an underwritten public offering, to have such shares included in the offering.

In accordance with its obligations under the HGI Registration Rights Agreement, on December 13, 2012, the Company entered into an equity underwriting agreement (the “UWA”) by and among the Company, the Harbinger Parties and Jefferies & Company, Inc., as representative of the several underwriters named in Schedule 1 thereto, for the sale of 20 million shares of Common Stock by the Harbinger Parties pursuant to an effective shelf registration statement.

On January 16, 2013, the Harbinger Parties sold another 3 million shares to the underwriters pursuant to an option to purchase such shares granted to the underwriters under the UWA.

Under the UWA, the Company made certain representations and warranties on customary terms. In addition, concurrently with the execution of the equity underwriting agreement, the Harbinger Parties, certain of the directors, officers and employees of the Company and CF Turul entered into a 90-day lock-up agreement.

FGL Acquisition

On March 7, 2011, HGI entered into an agreement (the “Transfer Agreement”) with the Master Fund whereby on March 9, 2011, (i) HGI acquired from the Master Fund a 100% membership interest in HFG, which was the buyer under the F&G Stock Purchase Agreement, between HFG and OM Group (UK) Limited (“OM Group”), pursuant to which HFG agreed to acquire all of the outstanding shares of capital stock of FGL and certain intercompany loan agreements between OM Group, as lender, and FGL, as borrower, and (ii) the Master Fund transferred to HFG the sole issued and outstanding Ordinary Share of FS Holdco (together, the “FGL Acquisition”). In consideration for the interests in HFG and FS Holdco, HGI reimbursed \$13.3 million to the Master Fund for certain expenses incurred by the Master Fund in connection with the FGL Acquisition and submitted certain expenses of the Master Fund for reimbursement by OM Group under the F&G Stock Purchase Agreement. The Transfer Agreement and the transactions contemplated thereby, including the F&G Stock Purchase Agreement, was approved by HGI’s Board of Directors upon a determination by a special committee (the “FGL Special Committee”) comprised solely of directors who were independent under the rules of the NYSE and represented by independent counsel and other advisors, that it was in the best interests of HGI and its stockholders (other than the Master Fund and its affiliates) to enter into the Transfer Agreement and proceed with the FGL Acquisition. On April 6, 2011, the Company completed the FGL Acquisition.

Spectrum Brands Share Offering

On July 14, 2011, the Master Fund and Spectrum Brands (together, the “Selling Stockholders”) entered into an equity underwriting agreement with Credit Suisse Securities (USA) LLC, as representative of the underwriters listed therein, with respect to the offering of 1,000,000 shares of Spectrum Brands common stock by Spectrum Brands and 5,495,489 shares of Spectrum Brands common stock by the Master Fund, at a price per share to the public of \$28.00. The Company did not sell any shares of Spectrum Brands common stock in the offering. In connection with the offering, we agreed to a 180-day lock up agreement. In addition, the Master Fund entered into a standstill agreement with us, pursuant to which the Master Fund agreed that it would not, among other things (a) either individually or as part of a group, acquire, offer to acquire, or agree to acquire any securities (or beneficial ownership thereof) of Spectrum Brands; (b) other than with respect to certain existing holdings, form, join or in any way participate in a group with respect to any securities of Spectrum Brands; (c) effect, seek, offer, propose or cause or participate in (i) any merger, consolidation, share exchange or business combination involving Spectrum Brands or any material portion of Spectrum Brands’ business, (ii) any purchase or sale of all or any substantial part of the assets of Spectrum Brands or any material portion of the Spectrum Brands’ business; (iii) any recapitalization, reorganization or other extraordinary transaction with respect to Spectrum Brands or any material portion of the Spectrum Brands’ business, or (iv) any representation on the board of directors of Spectrum Brands.

DIRECTOR INDEPENDENCE

Our Board has determined that Messrs. Chan, Hudgins and Leffler are independent members of our Board under the NYSE Rules. Under the NYSE Rules, no director qualifies as independent unless our Board affirmatively determines that the director has no material relationship with the Company. Based upon information requested from and provided by each director concerning their background, employment and affiliations, including commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, our Board has determined that each of the independent directors named above has no material relationship with the Company, nor has any such person entered into any material transactions or arrangements with the Company or its subsidiaries, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company, and is therefore independent under the NYSE Rules.

Item 14. Principal Accounting Fees and Services.

In accordance with the Sarbanes-Oxley Act of 2002 (“Sarbanes-Oxley”), the Audit Committee Charter provides that the Audit Committee of our Board has the sole authority and responsibility to pre-approve all audit services, audit-related tax services and other permitted services to be performed for the Company by our independent registered public accounting firm and the related fees. Pursuant to its charter and in compliance with rules of the SEC and Public Company Accounting Oversight Board (“PCAOB”), the Audit Committee has established a pre-approval policy and procedures that require the pre-approval of all services to be performed by the independent registered public accounting firm. The independent registered public accounting firm may be considered for other services not specifically approved as audit services or audit-related services and tax services so long as the services are not prohibited by SEC or PCAOB rules and would not otherwise impair the independence of the independent registered public accounting firm. The Audit Committee has also delegated pre-approval to the Audit Committee Chairman to pre-approve audit services of up to \$200,000 and certain permitted non-audit services up to \$50,000 per engagement; however, any services pre-approved by the Audit Committee Chairman must be reported to the full Audit Committee at its next meeting.

The table below sets forth the professional fees we paid to our independent registered public accounting firm for professional services rendered (i) during Fiscal 2012 to the Company, HGI Funding and to HFG and (ii) during Fiscal 2011 to the Company, HGI Funding and to HFG after its acquisition by the Company. Professional fees paid for such services by our other reporting affiliates, Spectrum Brands and its subsidiaries and Zap.Com, are disclosed in such affiliates’ Annual Report on Form 10-K or amendments thereto.
